FROM THE MIKE BULL SCHOLARSHIP ORGANISING COMMITTEE

The late Professor Michael Bull has left a wonderful legacy in animal behaviour, ecology and conservation. Mike was an outstanding scientist and was well known and revered for his mentorship of students. Mike's gentle demeanour and relaxed style belied a sharp mind and determination to ensure success.

Working with Mike's family, a group of colleagues have responded to numerous requests to develop a lasting legacy best reflecting his contribution to students, organisations and environmental research.

Your donation to the *Professor Mike Bull Research Fund for Emerging Young Nature Scientists* will support either:

- a medal for academic excellence
- an honours or PhD scholarship and/or
- funding for the ongoing biological survey of *Tiliqua rugosa* (sleepy lizards).

With the funds managed through Nature Foundation SA, applications for the awards will be encouraged from across Australia with the research to be undertaken in South Australia. Thank you for your generosity. In making this donation, you are sharing and growing the legacy of Mike's deep contribution.
