

“Wonderful memories –
gorgeous old homestead,
trees full of birds, kangaroos
drinking at the dam at
sunrise – very special.”

– Ruth, Sydney

NATURE FOUNDATION SA

Founded in 1981, Nature Foundation SA is a not-for-profit conservation organisation. The Foundation works to save, protect and restore South Australia's biodiversity by:

- restoring unique habitats and revitalising damaged ecosystems
- saving threatened species
- revitalising wetlands and floodplains along the River Murray
- funding conservation research projects
- encouraging environmental education and citizen science
- nature-based tourism and geotourism.

WITCHELINA NATURE RESERVE

EXPERIENCE
THE BEST OF
THE OUTBACK

www.naturefoundation.org.au

Come and see for yourself why the best outback experiences happen at Witchelina!

At 4,200 square kilometres, Witchelina showcases an impressive variety of mountain, rangeland and desert landscapes, spectacular geology, and rich biodiversity.

With the support of our members, corporate partners, government, and the Adnyamathanha and Arabana traditional owners of the land, we have begun the journey of restoration and revitalisation of this incredible arid ecosystem.

ATTRACTIONS & ACTIVITIES

- Nature drives for 4WD vehicles, including maps and interpretive notes
- Explore fascinating geological sites
- Wildlife and bird watching
- Pastoral history
- Photography, painting
- Sensational landscapes and scenery

LOCATION

Witchelina Nature Reserve is situated 50 kilometres by road, via Farina, to the north-west of Lyndhurst. The reserve is located on Adnyamathanha and Arabana countries.
